

THE BICYCLE

On two wheels. You can enjoy the view of your penis. pushing. Position yourself on the edge of the bed or desk while your partner lies back and lifts their legs up to the chest. His knees are bent as if he were They are doing a 'bicycle' exercise. Grab your ankles.

FACE TO FACE

It allows face-to-face intimacy; cozy
for long sessions.

Sit on a chair or on the edge of the bed. Your partner is
faces you, wraps his arms around your back, climbs on-
climbs up and sits on your lap. Once in the chair, it can rise

THE PLUG

It causes cramping. "It seems like a nice position to fantasize a little and gain a new perspective on the backside of your partner," says Kerner. "It's an opportunity to let oneself go savor for the sensations."

Lying Dog

An ideal position for those who have a larger penis.
small. You will achieve great depth in penetration
and the pleasure is assured for both her and him.

This position is so pleasant that you might need one.

SPOON

A great position that allows for clitoral stimulation
"both with the mouth and with the fingers," says Kerner.

For you to know, the person on top will have the triceps.
sore once both have finished.

THE BRIDGE 69

"And without breaking anything, huh. This seems impossible to me," he says.

Kerner. "But if you can do it, do it. I think it is
a victory being able to achieve this position.

You may need to help by pushing your pelvis forward.

WATERFALL

The blood will also reach the other head. Get closer to the border, get off the bed and lie down with your head and shoulders on the ground while your partner straddles you. The blood will rise to your head creating amazing sensations in the moment of orgasm.

ONE UP

This is the best sexual position for women who are particularly sensitive in the clitoral area.

Kneel on the floor with your partner lying on the edge of the bed. Raise one of your legs and ask him to rest it on

THE COWGIRL

There will be G-spot stimulation, clitoral stimulation and cervical stimulation,” says Kerner. “It’s a good position. so that the person above can control real-
mind your orgasm. It also gives you a great view of everything
what is happening.

THE HOT SEAT

And never better said. Good stimulation of the G-spot.

Sit on the edge of the bed or in a chair with your feet on the ground. Your partner turns away and faces away from you, moving between your legs. It can go forward and backward. leaning back pushing the arms of the chair or pressing with the

POLE POSITION

Fast lap. Double stimulation for your partner; for you, a great view of your backside and your penis entering it.

Lay on your back and bend one of your legs, keeping it on the other extended. Your partner straddles over the raised leg, with a thigh on each side, and lowers down over

DAVID COPPERFIELD

Magic is an understatement. This sexual position is the pièce de résistance for couples who prefer a strong and ascending movement tooth.

Place a pillow under their hips to tilt the pelvis upwards. Bend your knees so that they can place your

THE THRONE

Like a queen. The definitive sexual position for sex. oral, use it to put your partner in a situation and help them to let go.

Have your partner sit in a chair with their legs open. You do it from there. This is a good position.

THE PRETZEL

Impossible to translate. The deep penetration of the perri style while face to face.

Kneel down and straddle his left leg while lying on his left side.
he will bend his right leg around the right side of

THE SHELF

It needs to be held tight. 'You can enjoy the view of your penis pushing inside your partner, and this position it actually allows for direct stimulation of the clitoris says Kerner.

Have your partner lean their butt on the edge of the bed.

BUTTER

How extra blood flows to your partner's head to increase your ecstasy. You will have to be careful not to ejaculate earlier than expected.

THE WHEELBARROW

Grabbing tight. Calorie burner because it is very athletic. You can walk around the house in this position, but lower the blinds before.

MOUNTAIN CLIMBER

Workout version. Make great eye contact.
Keep your weight out of your body.

There is a reason why people faint when they see a six-pack. They know that a man with strong abs it's going to be great in bed. The climber position shows

SPORK

Spoon and fork. It offers a natural bridge to most creative positions.

Tupareja lies on their back and raises their right leg. so that you can position yourself between her legs at an angle at 90 degrees and enter. His legs will form the spikes of a

THE X

Crossed. This position is ideal for a slow sex session. and prolonged to increase excitement. The thrusts superficial stimulate the nerve endings of the ca-penis size.

Sit on the bed facing each other with your legs ha-

THE ANGEL OF SNOWS

Circus. They get a privileged view of your derrière.

This is a challenge: Your partner lies on their back while you sit straddling looking the other way. Raise the legs and wraps them around your back to lift your pelvis and that you can enter. Next, they grab you

THE SPIDER

Pulling arms. Both are sitting on the bed with the legs towards the other, arms back to support oneself.

Now they move together and they position themselves over you. Their calves will be between your open legs, their knees bent and your feet outside your hips and flat on the bed. Now move back and forth.

THE STANDARD

Ideal position for everything related to cunnilingus:
clitoral sucking, rubbing, digital penetration, stimulation
from the G spot.

On your knees, make your partner stand up. Continue-
tion, you should place one of your legs around your
