6.8 The Final Digital Artefact ★ Golden

LEARN IT

A **digital artefact** is a final product created using digital technologies. Students must create **one final artefact** that answers the original research question. It is **not just a decorated file**; it must present **evidence** and **conclusions**.

Artefact option	Suitable digital tools	Main purpose
Digital Report	MS Word, Google Docs	Explain the full study in a structured text document.
Presentation	PowerPoint, Canva, Slides	Share key findings with a live audience.
Infographic	Canva, Adobe Express	Show the main results visually and quickly on one page.
Dashboard	Power BI, Tableau	Explore data through interactive charts and filters.

A **dashboard** is an interactive screen of charts; the viewer can click filters (e.g. "show only Commerce students") and the charts update.

Standard artefact structure

1. Title
2. Research Question
3. Introduction
4. Method of Data Collection
5. Primary Data Findings
6. Secondary Data Summary
7. Charts and Graphs
8. Conclusion
9. Recommendations
10. References

WORKED EXAMPLE

Planning a 10-slide presentation artefact for the phone study (one slide per structure item):

Slide 1 Title: "Phones and Study Habits – Class XI Survey". **Slide 2** Research question. **Slide 3** Introduction: why the class investigated this. **Slide 4** Method: Google Form survey, 40 students, different sections, anonymous with consent. **Slide 5** Primary findings: 52.5% use phones 3–5 hours; half use for study. **Slide 6** Secondary data: article on screen time and concentration. **Slide 7** The bar chart of daily phone use. **Slide 8** Conclusion: "manage wisely, don't ban". **Slide 9** Three recommendations. **Slide 10** References: the article's title, author, website and date.

REMEMBER IT

The structure follows the inquiry itself: **What** (title, question, intro) → **How** (method) → **Found** (primary, secondary, charts) → **So what** (conclusion, recommendations) → **Credit** (references).

COMMON MISTAKE

Mistake: Spending all your time on colours and animations and forgetting evidence. **Fix:** An artefact is judged on whether it answers the research question with evidence. Also never skip **References** – listing your secondary sources is honest and avoids plagiarism.

اردو میں سمجھیں

ڈیجیٹل آرٹیفیکٹ (Digital Artefact) ڈیجیٹل ٹیکنالوجی سے بنائی گئی آخری پروڈکٹ ہے جو تحقیقی سوال کا جواب ثبوت اور نتائج کے ساتھ پیش کرتی ہے؛ یہ صرف سچی ہوئی فائل نہیں۔ اس کی چار صورتیں ہیں: رپورٹ، پریزنٹیشن، انفوگرافک اور ڈیش بورڈ۔ معیاری ساخت میں عنوان، تحقیقی سوال، تعارف، طریقہ کار، بنیادی و ثانوی ڈیٹا، چارٹس، نتیجہ، سفارشات اور حوالہ جات شامل ہیں۔

EXAM TIP

Learn the four artefact options with tools and purpose (a table question), and the ten-part structure in order. "What is a digital artefact?" – stress that it must present **evidence and conclusions**, not just decoration.

CHECK YOURSELF

1. Which artefact lets viewers explore data with interactive filters?
2. What is the last item in the standard artefact structure?
3. Name two tools for making an infographic artefact.

Answers: 1. A dashboard (Power BI, Tableau). 2. References. 3. Canva and Adobe Express.
