Chapter 6: Entrepreneurship in the Digital Age

Lecture 01 of 18

6.1 Entrepreneur and Entrepreneurship

LEARN IT

An **entrepreneur** is a person who **identifies a problem, thinks of a solution, and tries to change that solution into a product or service.**

An entrepreneur does not always begin with a large company or a big office. Many begin with a small idea, limited resources, and a strong wish to solve a problem. Think of a young person in Karachi who starts by delivering home-cooked lunch boxes to a few offices, or a student in Sukkur who repairs mobile phones for neighbours. They started small.

Entrepreneurs usually show three habits:

- **They observe people and listen to their needs.** They notice what annoys people again and again.
- **They take calculated risks.** A *calculated risk* is a risk you take after thinking about what you could lose and how to keep that loss small. It is not gambling.
- **They improve their idea step by step.** They do not expect the first attempt to be perfect.

What is entrepreneurship?

Entrepreneurship is the **process** of **planning, starting, testing, and improving** a business idea. It involves **creativity, problem-solving, teamwork, communication, and calculated risk.**

Notice the difference: the *entrepreneur* is the **person**; *entrepreneurship* is the **process** that person goes through.

REMEMBER IT

Simple meaning. An entrepreneur asks: "*What problem can I solve?*" Entrepreneurship is the process of testing and improving that solution until it becomes useful for people.

Remember the three-step journey:

1. Problem → 2. Solution → 3. Product

WORKED EXAMPLE

Worked example: spotting the three steps. Ayesha lives in Larkana. Her mother and other women in the street make beautiful hand-embroidered *rillis*, but they can only sell them to visitors.

Step 1, Problem: skilled women have products but very few buyers.

Step 2, Solution: show the *rillis* online so buyers from other cities can see them.

Step 3, Product/Service: a Facebook page with photos, prices and a "message to order" button.

Ayesha is the **entrepreneur**. Planning the page, posting photos, seeing which designs sell, and changing prices is **entrepreneurship**.

COMMON MISTAKE

Mistake: "Only rich people with big offices can be entrepreneurs."

Fix: The source clearly says many entrepreneurs begin with a small idea and limited resources. What matters is a real problem, a useful solution, and the willingness to improve it.

اردو میں سمجھیں

کاروباری شخص (Entrepreneur) وہ ہوتا ہے جو کسی مسئلے کو پہچانتا ہے، اس کا حل سوچتا ہے اور اس حل کو کسی پراڈکٹ یا سروس میں بدلنے کی کوشش کرتا ہے۔ کاروبار شروع کرنے، آزمانے اور بہتر بنانے کے پورے عمل کو انٹرپرائیورشپ (Entrepreneurship) کہتے ہیں۔ ایسا شخص لوگوں کی بات سنتا ہے، سوچ سمجھ کر خطرہ مول لیتا ہے اور اپنے خیال کو قدم بہ قدم بہتر بناتا ہے۔

CHECK YOURSELF

1. Is "entrepreneurship" a person or a process?
2. Name the three habits of an entrepreneur given in the source.
3. What is a calculated risk?

Answers: 1. A process (planning, starting, testing and improving a business idea). 2. Observing people and listening to their needs; taking calculated risks; improving the idea step by step. 3. A risk taken after thinking carefully about the possible loss and keeping that loss small.
