Lecture 16 of 18

6.15 Complete Student Project

LEARN IT

You will work in **groups** and complete one small entrepreneurship project. The project should be **simple, local, and possible in the classroom**.

The purpose is to practise the **complete journey**: problem → prototype → feedback → MVP plan → risky assumption → beachhead market.

Suggested project ideas: homework and test reminder system, college notice organizer, canteen pre-order system, small shop WhatsApp catalogue, college van update system, lost and found item reporting system, study notes organizer.

Table 6.12: Student project sheet (template)

Item	Your group's answer
Problem statement	
Target users	
Business idea	
Low-fidelity prototype description	
Feedback from users	
Improvement made after feedback	
MVP plan	
Riskiest assumption	
How to test the riskiest assumption	
Beachhead market	
Marketing method for first users	

WORKED EXAMPLE

Worked example: a completed project sheet (Lost and Found system).

Item	Answer
Problem statement	Students of our college in Mirpurkhas lose items (bottles, calculators, ID cards) and rarely get them back because there is no central place to report them.
Target users	Students and staff of our college.
Business idea	A Lost and Found WhatsApp group plus a Google Form to report lost or found items.
Low-fidelity prototype	Two paper screens: "Report lost item" (item, colour, place, phone of class rep) and "Found items list" with sketches.
Feedback from users	6 of 8 testers asked for photos; 3 did not want their own phone number shown.
Improvement made	Added a photo upload; replaced personal numbers with "collect from the library desk".
MVP plan	Google Form + one WhatsApp group run by two volunteers; free; tested for two weeks.
Riskiest assumption	Students who find items will take the trouble to report them.
How to test it	Count how many "found" reports arrive in two weeks compared with "lost" reports.
Beachhead market	Grade XII students of our college.
Marketing method	Announcement in morning assembly, a poster at the library and a message in each class group.

Table 6.13: Rubric for project assessment

A **rubric** is a marking guide that describes what excellent, satisfactory and weak work looks like for each part of a project.

Criteria	Excellent	Satisfactory	Needs Improvement
Problem ID	Clear, local, and important.	Understandable but needs detail.	Vague or too broad.
Prototype	Shows clear flow and features.	Shows the basic idea.	Incomplete or unclear.
Feedback & Fixes	Collected properly; changes clearly based on feedback.	Collected but analysis is weak; some changes made.	No clear feedback collected; changes not explained.
MVP Plan	Essential features and clear testing plan.	Basic features but needs testing clarity.	Confused with the final product.

REMEMBER IT

Use the rubric **before** you submit: read your project sheet row by row and ask, "Is this Excellent yet?" For "Feedback & Fixes", always write **which** feedback caused **which** change.

COMMON MISTAKE

Mistake: Writing an MVP plan that lists every feature of the dream app. The rubric marks this as "Confused with the final product".

Fix: Keep the MVP to the essential feature(s) and add a clear testing plan (how many users, how long, what you will measure).

اردو میں سمجھیں

طلبہ گروپوں میں ایک چھوٹا، مقامی اور آسان منصوبہ مکمل کرتے ہیں جس میں مسئلے سے پروٹوٹائپ، رائے، ایم وی پی منصوبہ، سب سے خطرناک مفروضہ اور بیج پیڈ مارکیٹ تک پورا سفر شامل ہوتا ہے۔ منصوبے کو جانچنے کے لیے رُوبرُک (Rubric) استعمال ہوتا ہے جو مسئلے کی پہچان، پروٹوٹائپ، رائے و بہتری اور ایم وی پی منصوبے کو بہترین، تسلی بخش یا بہتری کی ضرورت کے درجوں میں پرکھتا ہے۔

CHECK YOURSELF

1. Name four suggested project ideas.

2. What does "Excellent" look like for Problem ID in the rubric?

3. Which rubric level says "Confused with the final product"?

Answers: 1. Any four: homework and test reminder system, college notice organizer, canteen pre-order system, small shop WhatsApp catalogue, college van update system, lost and found reporting system, study notes organizer. 2. Clear, local, and important. 3. Needs Improvement (for the MVP Plan).
